TO: Off-Road Implementation Advisory Group (ORIAG) Applicant

SUBJECT: SELECTION OF ORIAG MEMBERS

This letter is to confirm your selection as an ORIAG member. I am very pleased that you will be a part of this important group, and look forward to working closely together as the in-use off-road diesel vehicle regulation is implemented. We are looking to the ORIAG to help fine tune our outreach, training, and implementation strategies and materials, as well as increase awareness of the needs and opinions of affected stakeholders.

I would like to remind you that by your application for membership, you have committed to fulfill the responsibilities of an ORIAG member (e.g., attend meetings and provide ideas and feedback). However, if at any time you are unable to continue serving as a member of ORIAG, please advise me immediately so that we may consider an alternate member.

The first meeting will be held May 12, 2008 in the Byron Sher Auditorium in Sacramento from 1:30 p.m. to 5:00 p.m. at the address below:

California Environmental Protection Agency Building
Byron Sher Auditorium
1001 I Street
Sacramento, CA 95814

Information about ORIAG, such as meeting dates, locations, agendas, and meeting materials can be found at <http://www.arb.ca.gov/msprog/ordiesel/ORIAG.htm>. Also, these meetings will be webcast; details regarding how to access the webcast will be available on ARB's website prior to the meeting. However, as some conference rooms have limited space, if you are a member and you plan to invite anyone else, you may need to limit this to one additional attendee.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.

The goal of this initial meeting will be to brief members on the current status of the regulation, to solicit input on topics ORIAG would like to address, and to plan and organize ORIAG's future activities. Staff will also offer a demonstration of the current reporting tool prototype.

Should you have any questions regarding ORIAG, please contact Beth White at eiwhite@arb.ca.gov or at 916-324-1704. Again, I would like to thank you for your interest in becoming an ORIAG member.

Sincerely,

Erik White, Chief
Heavy-Duty Diesel In-Use Strategies Branch
